Dear Quentin,

I am writing in response to your request to speak with me or to interview me regarding reported involvement in the 2004 election campaign.

The Australian Electoral Commission wrote to the Australian Federal Police earlier this year in order to establish if there were further grounds for investigating Willmac Pty Ltd. To date, there has been no communication or correspondence from the AFP however in order not to prejudice any potential investigation I am unable to provide any further information at this point.

I can confirm the Exclusive Brethren Church did not own or operate Willmac Pty Ltd.

Kind Regards

Mark Mackenzie
